

February is American Heart Month. American Heart Association Volunteers are spreading awareness by crocheting or knitting red hats for all babies born in February at participating hospitals. Congenital heart defects is the most common type of birth defect. If you would like to know more information or would like to participate in the Little Hats, Big Hearts™ project please go to

www.heart.org/LittleHatsBigHearts

To the Parents: We would LOVE to see a photo of your little one wearing the red hat they received. Thanks in Advance.
